Explanatory Note

(This does not form part of the notification, but is intended to indicate its general purport.)

Government have received various representations, requests, and proposals from Members of the Legislative Assembly (MLAs), local body representatives, students, NGOs (Non Governmental Organisation), resident associations, and other stakeholders in connection with the growing need for an efficient and accessible public transportation system. Subsequently a proposal was put forward by the Transport Commissioner under the name "Kerala Public Transport Urban-Rural Integration and Last-Mile Connectivity Scheme, 2026" with regard to the introduction of 503 new routes across the State to reduce the lack of public transport facilities in urban and rural areas. Government upon examining the proposal have found it necessary to implement a last mile connectivity system, aiming to improve the public transport system.

After considering the objections received on the draft Scheme previously published as per notification No.B1/7/2025/TRANS dated 23rd October, 2025 in the Kerala Gazette Extraordinary No.3752 dated 24th October, 2025, the Government, have decided to finalise and publish the Scheme.

This notification is intended to achieve the above object.
